

Lesson 9 – Career Pathway Scavenger Hunt

Name: _____

There was only a field of prairie grass, weeds and bush before your school was built. When the school was first built and during subsequent renovations several trades worked on the construction and maintenance of the school.

Your job, in a group of 2 to 4 is to find examples of construction work that was done in your school by the following trades. List the location of the construction work and provide a brief explanation of the work that was completed by the trade's person.

Please refer to the following documents to help with job descriptions:
