

Cabinetmaker Level Two Practical Examination

Candidate Information Sheet

1. There is a written and a practical component to the Level Two Placement Examination process. The written examination must be completed successfully before applying for the practical examination.
2. This examination consists of five areas: overall dimensions to +/- 1 mm (16%), dovetails (28%), stretcher construction (28%), construction and assembly (8%), and finish (20%).
3. Only hand tools are to be used for the cutting and assembling of the project. **No power or cordless power tools are permitted.** Candidates will be supplied with the following tools at the examination:

hammer	push drill	assorted chisels
panel saw	brace and assorted bits	assorted slot screwdrivers
dovetail saw	(16 mm, 25 mm)	jack plane
framing square	sanding block	smooth plane
combination square	whetstone	block plane
pocket tape measure	nail sets	rabbet plane

Use of other personal **hand** tools is permitted should a candidate choose to bring them.

4. Lumber materials to complete the project and other required materials such as wood glue and assorted grits of sandpaper will be provided.
5. Six (6) hours will be allotted for the completion of this project. Pre-examination instructions from the Commission representative and the markers do not form part of the six hours.
6. A pass mark of 70% is required. There is no retest allowed after the failure of this examination.
7. Cabinetmaker practical examinations are held in Moose Jaw only. Projects will be marked in the absence of candidates.
