

BLUE SEAL PROGRAM

The **Achievement in Business Competencies – Blue Seal Program** is available in Saskatchewan and Alberta. The Blue Seal Program is designed to meet three goals:

- encourage continuous learning after achieving journeyperson certification;
- encourage journeypersons to gain business skills; and
- encourage entrepreneurship.

The Blue Seal demonstrates that a journeyperson has successfully achieved a reasonable level of business education and knowledge of various business subject areas. The advantage of earning your Blue Seal is that you will develop valuable business and management knowledge to further your career in the skilled trades. You can tailor your program of study to suit your career goals.

To receive the Blue Seal certificate, you must have earned a journeyperson certificate in a trade designated in Saskatchewan, and provide proof of completion of either:

- [an approved program of training resulting in a diploma or certificate](#); or
- [completion of at least 150 credit hours in approved areas of study](#).

Approved training programs and areas of study are available on our website: saskapprenticeship.ca/blue-seal-program. An applicant must supply a copy of their journeyperson certificate and all transcripts and certificates for the business courses. Submit these with the general inquiry/request through [MyATC](#) and pay the required fee. For more information, please contact the SATCC at 1-877-363-0536 or apprenticeship@gov.sk.ca.
